ETSI NFV Conference

6-7 March 2023 – ETSI, Sophia-Antipolis, France

REGISTER NOW!

Dear All,

Founded in November 2012 by seven of the world's leading telecoms network operators, ETSI ISG NFV has established itself as the home of Network Functions Virtualization.

We are pleased to invite you to join an exclusive, face-to-face, free of charge conference to celebrate ETSI NFV 10th Anniversary and exchange on the evolution of NFV towards the next decade.

The [ETSI NFV Conference](#) will take place on 6-7 March 2023, in ETSI, Sophia Antipolis, France.

It is now time to [register](#)!

The [programme](#) of this one-day and a half event will be structured around the following main streams of presentations and discussions:

- **NFV key achievements**
- **NFV partnerships, industry and academia cooperations**
- **Future of NFV**

A **networking cocktail and awards ceremony** will take place at the end of the 1st conference day to celebrate the NFV ISG 10th Anniversary and reward its key contributors.

More details are available on the [event's webpage](#), where the final agenda and speakers will be announced shortly. Please ensure you [register](#) quickly to reserve your seat as places are limited.
