- OPNFV Overview: [OPNFV Korea Meetup Nov'2016 v2.pptx](#)
- Evolution of ZTE Pharos Lab: [evolution-of-zte-pharos-lab .pdf](#)
- Doctor Project: [OPNFV-Asia-Meetup-doctor.pptx](#)

IETF Hackathon

Dates: November 12th-13th (Saturday - Sunday)

The hackathon is hosting a number of projects with potential ties to OPNFV, mainly the SFC project, I2RS, ILA, and potentially the PCE and ACTN projects. Meetup attendees who will be attending the hackathon are encouraged to participate in these projects. The current list of Hackathon topics can be found at <https://www.ietf.org/registration/MeetingWiki/wiki/97hackathon>

See the [main IETF Hackathon page](#) for more details (incl. responsibilities of a champion before/during the Hackathon)
